Girls in Tech
Kathmandu, Nepal

Dear Hiring Manager,

I have been waiting for the opening of the registration of Girls in Tech for a long time. I have an interest in working for the betterment of girls in technology. I think this is the best platform for making the girls engaged in various activities.

As a person who held the role of Partnerships Manager, I feel that I can be a great asset to the organization. As I have served as a volunteer for other organizations, I will try to manage partnerships with great organizations that I have already been involved with.

I am eagerly waiting for your response, and I hope you will provide me with a chance to prove myself.

Kind regards,

Yasmini
